# Prince Charles' NEIGHBOURHOOD WATCH

## Why should you report a crime?

It's simple: the Edmonton Police Service cannot address crimes or hotspots if they are not notified of the crimes.

Typically, when a crime occurs and is left unreported, the frequency and severity of occurrences will increase if they are not dealt with. **This makes the importance of reporting crime and disorder, regardless of severity, absolutely vital for the EPS and your community**

## Being a good witness

So what can you do if you see a crime? Here are a few steps to follow:

1. If it is an emergency or a crime in progress, [call 911](#) immediately.
2. Move to a safe place until police arrive.
3. Take note of the appearance of the people involved, including their:
  - Age and gender
  - Ethnicity and build
  - Height and weight
  - Hair colour and length
  - Face shape and/or facial hair
  - Eye colour and shape
  - Clothing type and colour
  - Anything else distinct about them
4. Take note of the environment around the incident:
  - Time
  - Location
  - Nearby vehicles, including:
    - Year, make and model
    - Colour
    - License plate number
    - Number of occupants
    - Body damage, bumper stickers or decals
    - Direction of travel
    - Which street it was parked/driving along when you last saw it
5. Take note of what happened:
  - How many people were involved
  - What they did and to whom
  - What was said (if you can safely hear)
  - How they left the scene
  - What direction were they traveling
6. [Report](#) what you noted to police.

Never underestimate the power of the information you have. Something as simple as reporting a suspicious person running down the street, or part of the license plate and colour of a vehicle driving around in your neighbourhood could be the missing piece needed to solve a crime.

***Any questions you may have feel free to contact the  
neighbourhood representative at [princecharlesnw@gmail.com](mailto:princecharlesnw@gmail.com)***

## Do you Remember When...

The Prince Charles Community League is beginning a project to recapture some of the history of our neighbourhood.

We would like you to help.

Over the years, other neighbourhoods throughout the city of Edmonton have engaged in history projects to identify, resurrect, display, and celebrate their neighbours and neighbourhoods with plaques, markers, photo displays and a variety of publications. We would like to begin our search for the Prince Charles neighbourhood history with photos, facts and stories. **Can you help?** Do you have old photos of our neighbourhood... Do you remember when...?

If so, please contact Victor Steel at [princenews@hotmail.com](mailto:princenews@hotmail.com)

## Have you thought about...

- The Prince Charles Community League Board is purposing to replace the sand under the playground with recycled rubber for the safety of the children. We're looking for comments or feedback from you the people of the Prince Charles community; our parks committee would like to thank those who gave feedback so far on the resurfacing.

Please continue to email us your comments at [princenews@hotmail.com](mailto:princenews@hotmail.com)

The Prince Charles Community Leagues is looking to fill the position of **Social Events Director**:

- Our Social Events Director plans and organizes special events or activities with the support from community volunteers.

If you're interested please reach out to us on Facebook or call **Charlie Senior**,

# Prince Charles' Infrastructure Construction Update

At the last Prince Charles Community League monthly meeting, city official Matt Mohr addressed those attending with an update about the ongoing Prince Charles neighbourhood infrastructure construction (streets, curbs, sidewalks & boulevards). He detailed the project's aims, present situation, deadlines and expectations. The following six items are a summary of his report. For more information, he provided a website and contact information for subsequent inquiries (see below).

1. Construction is set to start Early May
2. The Landscaping from last year has NOT been inspected or accepted as complete by the COE
3. The SOD that was placed last year and did not have a chance to germinate before hibernation. We will be assessing the SOD once its been watered and had a chance to germinate (typically 3 months).
4. All construction contractually is required to be complete by Oct 12 of this year (including all landscaping)
5. The contractor only has 123, 122, 121A streets to complete from 119ave to 123ave as well as the closure at 124st up to yellow head trail
6. A construction bulletin will be delivered by both the contractor Standard General and the COE which provided contact information for inquiries.

The following website is where residents can find project specific information:
