Hello Prince Charles residents...

... after reading the following article in the Edmonton Sun on October 6th, I was thinking of all the trailers in the neighbourhood and residents that may have a summer place... cabin or lake lot. If you have winterized your summer place maybe just take a second to think is it safe.

Summer cabin lockdowns can cut crime: RCMP

There were over 70 break and enters to Alberta summer cabins and recreational homes in October of last year, say RCMP.

This year, Mounties hope urging owners to better win-

terize their properties will knock down the numbers.

The second highest month for break and enters to seasonal properties was May, with 56 reports.

A good number of break

and enters occur over the winter season, but are not reported until cabins are opened in the spring.

RCMP are offering a few more tips to protect seasonal properties:

- Trim shrubs and trees to create clear sight lines;
- Install timers on interior lights;
- Bring home expensive tools and toys;
- Post signage stating all

valuables removed;

- Install motion sensor lights outside;
- Check on your property periodically;
- Put away outdoor furniture that can be used to get

to the second floor;

- Install solid-core doors;
- Lock doors, windows and the shed.

Any suspicious activity should be reported to police.

- Postmedia News

Trailers:

- Store trailer in a locked garage if possible.
- If the trailer is stored at home or a business, put it in the back or side yard out of sight.
- Store it with the trailer tongue not easily accessible.
- If storing in an open driveway or yard, park another vehicle or other large object in front of the trailer.
- Consider removing one trailer wheel.
- Secure the trailer to an anchored object with a good quality chain and lock.
- Purchase a good quality trailer hitch lock or wheel lock and use it – even if stored inside.
- Photograph your trailer, including identifying features and store your photos for future reference.
- Install a vehicle tracker. Trackers are small, quick and easy to install. Tracking units can deter thieves if advertised.
- Add one or two easily identifiable markings in different places on your trailer such as:
 - welding your initials under the draw bar.
 - engraving your name somewhere.
 - drill holes in a pattern recognisable by you.

Use Secure Plates or plates secured with anti- theft screws available from car accessory stores

"The Edmonton Cenotaph represents the tombs of approximately 3,000 veterans from the Edmonton area who made the supreme sacrifice as members of the Canadian Forces in WWI", stated A.E. Nightingale in his tribute to the Cenotaph in the *1940 Year Book of the Canadian Corps Association*. Mr. Nightingale points out that the Cenotaph has an interesting and peculiarly unique design. It was erected during the brief reign of King Edward VIII and unveiled on August 13th, 1936, by Lord Tweedsmuir, then Governor General of Canada, 22 years following the outbreak of WWI.
